CRAFT FAIR

And Mega Raffle!

Supporting Australian Shepherds Forever

Welcome to the ASF Virtual Holiday Craft Fair!

It's craft show season everywhere! Your best opportunity to find unique, handcrafted holiday gifts for your friends, family and coworkers. In a world full of plastic, truly thoughtful gift-givers want something genuine that's been crafted with love for those they love!

Australian Shepherds Furever has been “gifted” with the support of a number of crafters, artists and artisans, along with independent consultants for popular brands like Arbonne and Pampered Chef, whose generous donations have helped make our raffles and auctions a great success in 2022. So this Virtual Craft Showcase is a chance for ASF to say “Thank you” for their generosity and yours!

Please review this catalog and take a look at what types of products are being offered for purchase. Then go to their Facebook page, Website or Etsy store to place your order! There are some special ASF items too that you can't get anywhere else! Support a small business and ASF too!

The six ASF Spokesdogs are featured in two different sets of six Greeting Cards for the special Aussie-loving people on your list! All proceeds go to ASF to help rescue more Aussies like Shani, River, Roka and Bear!

Susan and Don Cookson bought their retirement “project farm” in 2010 and began the process of restoring it to a working farm with horses, alpacas, ducks, chickens, rabbits and Aussies! Susan, an ASF Foster and Adopter of 5, enjoys putting her “homesteading” skills to work, that she learned from her mom and Grandma. The result: a line of recycled tote bags, customized totes, doggie bandanas, and her popular “Go Bags”... everything you need to take your pup on an outing. The farm also has gardens and heritage apple trees which Susan turns into preserves and pickles from old family recipes and sells as gift baskets. Her two best sellers: **APPLE BUTTER** and **CRABAPPLE CHUTNEY!** They are incredibly delicious!

HERE BE DRAGONS!

Is there a huge Game of Thrones fan on your Holiday gift list? What better gift for them than a flexible, articulated dragon of their very own? Crafter Karen Klaiber uses 3-D printing to craft these incredibly detailed creatures. Karen also does embroidered dragons on t-shirts, sweat-shirts, fleece jackets, and even towels! But if you are a more traditional Aussie lover, she's got you covered with towels, snuggle blankets and more!

Star's Snuffles & Such

ASF Foster and Adopter Trish Hayes is an avid crafter, selling her creations at local Maine craft fairs. She started weaving deluxe, colorful snuffle mats this year to help amuse Star, her ASF rescue. Want a way to keep your Aussie occupied while in his or her crate? A snuffle mat challenges both the senses and the mind to discover all the tasty treats hidden there. In addition, Trish has revived a very old-fashioned craft! Hand-woven potholders in brilliant colors and interesting patterns. Use as a coaster and hot mats as well! A cheerful, useful addition to any kitchen's decor!

Adventures of Dually-Dude Fan Shoppe

Hey Guys! Dually-Dude here, social media star! And I'm lending my celebrity star power to ASF as an Honorary Spokesdog!

My crafty Crazy-Pants Mom is pretty handy. She makes awesome tumblers, t-shirts and mousepads to sell to my fans. She's made up some ASF 10th Anniversary items to help raise \$\$\$ to save more Aussies. I was a lucky pup. No shelter for me! But we know there's lots more Aussies out there without luck, without hope. That's when ASF steps in. So I hope you'll buy some of this great stuff and help support the cause!
